RHODE ISLAND ALUMNI ASSOCIATION.

Enthusiastic Dinner Given Monday Night.

On the evening of Monday, the 30th, the Rhode Island Association of the Alumni had a dinner and pleasant social gathering at the Crown Hotel in Providence. Those present were Geo. Lewis Cooke, '70, Pres., Rev. R. H. Woffenden, '93, Rev. Wm. Pressey, '90, Rev. W. M. Chapin, '74, Rev. Albert Crabtree, '92, Godfrey Brinley, '01, H. D. Green, '99, F. M. Barber, '91, Rev. F. E. Buck, '98, Lewis T. Downes,

GEORGE LEWIS COOKE, '70
Pres. R. I. Alumni Association.

'48, Lewis W. Downes, '88, Rev. George McClellan Fiske, D.D., '70, Reginald Fiske, '01, William Larchar, '03, P. R. Wesley, '94, and Mr. Hart, a noted leader of Trinity's vocal music on the field. President Cooke introduced Professor Martin, who congratulated the Association on the representation of Trinity in Rhode Island, spoke of historic ties with the State, considered the work of each professor, presented to "the holders of the cup" the claims of Trinity's projected ship of science, the Floating Laboratory, and described the great advance of the College under its new President.

President Cooke wittily followed with reminiscences of the "Hartford Pike," and introduced successively Mr. Barber and Mr. Crabtree, who spoke of the work of the Citizens' Union, Messrs. Brinley and Green of Cloyne House, Mr. Woffenden, Mr. Chapin, and Dr. Fiske, all of whom spoke with wit mingled with loyalty and devotion to the college. Dr. Fiske called attention to the lamented death of Rev. Dr. William Short, and paid a glowing tribute to his classmate, President Luther. Resolutions of sympathy with Rev. F. B. Cole, Trinity, '93, of Wickford, in his illness, were passed. Measures were set on foot for practical aid to the Floating Laboratory.

Prof. Ferguson was away, in Boston, yesterday, and his classes were omitted.

TENNIS TOURNAMENT.

Contest Narrows Down to Three Freshmen.

The second round of the tennis tournament, postponed because of the Hamilton football trip has at length been finished and one match has been played in the semi-finals. The second round was disastrous to the Senior team, all three men being put out, leaving three Freshmen and a Sophomore in the semi-finals. This clinches the tournament for the Freshmen in singles. Randall was defeated by Coleman in the semi-finals and this leaves three Freshmen only in the tournament and the final score will be Freshmen 9, Seniors 3, Sophomores 2, and Juniors 1.

The class of 1909 is the best tennis class since 1903 and will form the nucleus of a college team to be organized next spring.

The Coleman-Randall match in the semi-finals was the best tennis that has been played thus far in the tournament. A strong wind across the court interfered with accurate playing, but every point was hotly contested and nearly every game went to deuce.

Coleman captured the first set with apparent ease at 6-0, but Randall got into his stride in the second and won out, 6-3. In the third set Randall captured the first two games but could not maintain his lead and lost the set, 6-3.

The scores in the second round and the match in the semi-finals are:

Rehr, '06; Elwell, '09; Elwell, 6-1, 3-6, 6-0.

Bowne '06, Carpenter '09; Carpenter, 8-6, 6-1.

Smith '07, Randall '08; Randall, 6-3, 10-8. Fiske '06, Coleman '09; Coleman, default. Randall and Coleman, Coleman, 6-0, 3-6, 6-3.

The drawings for the matches in doubles will take place at once.

ALUMNI DEPARTMENT.

'76—Beverly E. Warner was chairman of the citizens' committee which fought the yellow fever in New Orleans last summer.

'93—The Rev. Richard H. Moffenden was married to Miss Anna Louise Hanaford, at Apponang, R. I., Oct. 10, 1905.

'95—Rev. Sidney Key Evans, '95, has resigned as Curate of St. Michael's Church, New York City, and taken a corresponding position in the Church of the Heavenly Rest.

'02—The Rev. John W. Walker has recently changed his address to Cocoa, Florida.

'05—Philip T. Welles is in the employment of the Johns Pratt Co., of Hartford.

WORCESTER TO-MORROW.

SEVERAL MEN IN BAD SHAPE.

Practice, however, has been good.

Saturday afternoon the Trinity foot-ball team will line up against the team of Worcester "Tech" team on Trinity field. The "Tech" team played a close game with Holy Cross two weeks ago and the game Saturday should be an interesting one.

Trinity is still suffering from injuries to some of the best men on the team. Landefeld has a swelling on his ear that is giving him trouble and Maxson has sprained his ankle, though only slightly, and will soon be back into the game. Gateson has a bad muscle bruise.

The practice Wednesday morning was the best that has been given the 'varsity for some time. Several new men were on and the scrub made two touchdowns on the 'varsity by hammering the line. The 'varsity back-field was coached particularly in defensive work as the second line of defense has always been the weakest. The scrub kept the ball all through the practice and Budd, Hubbard and Mason were taught to stop the rushes of the scrub backs. Cameron was tried in Landefeld's place at tackle and will play that position in Saturday's game, otherwise the line-up will probably be the same as formerly.

FACULTY NOTES.

Mrs. Elmer T. Merrill was a visitor at the college this week.

Mrs. Flavel S. Luther gave a tea for the ladies of the faculty on Monday afternoon.

Prof. Babbitt recently attended a meeting of New England College Greek professors at Williams College.

President Luther paid a visit to Cheshire School on Thursday, October 26th. He made an address to the boys.

On October 21st Prof. Shearer attended a meeting of the New England History Teachers' Association in Boston, Mass.

Professor Kleene will be at the meeting of the American Civic Federation, to be held in New York City December 6th-8th. He will be one of the five delegates sent by the American Economic Association.

If twenty-five applicants are found Prof. Edwards will hold his course in the Foundations of Biology, under the new university extension regime, at the Hartford Theological Seminary. The lectures will be given afternoons between four and six o'clock.

CONSECRATION OF BISHOP JOHNSON, '94, TOOK PLACE AT NEWTOWN YESTERDAY.

The Rev. Frederick Foote Johnson, Trinity '94, was to-day consecrated Assistant Missionary Bishop of South Dakota.

The ceremony was held in Trinity Church, Newtown, Conn. The consecrators were the Presiding Bishop, (Tuttle of Missouri,) the Bishop of Pennsylvania and the Bishop of Western Massachusetts. The presenters were the Bishop of Connecticut, and the Bishop of Newark.

The consecration sermon was preached by Bishop Jagger, formerly of Southern Ohio, now rector of St. Paul's Church, Boston.

NEW HOUSES FOR FACULTY.

To Be Occupied by Professors Merrill and Brenton.

Since the early part of the summer the Trustees of Trinity College have been erecting two houses on Vernon Street to be occupied by members of the faculty. They are situated just west of Prof. Johnson's house.

The lower house, No. 71 Vernon Street, will be occupied by Prof. Merrill and the upper, No. 73, will be taken by Professor Brenton. At present Prof. Merrill's house is nearer completion by two weeks. Owing to the plumbers' strike the work on the other house is practically held up at present. The roofs of both have been finished and all the exterior work is practically completed.

It is hoped that both buildings will be ready for occupancy by January first. They will prove an addition to the appearance of Vernon Street.

NOTES.

Leo Hall, '09, who has been at the hospital for the past month with typhoid fever, is again at college, and in very good health.

Theses still due for History III, for 1904-5, will be doubled in length if not handed in and satisfactory, by the next period for making up conditions. Those already doubled will be tripled.

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY!"

EDITORIAL.

At the present time very few of the undergraduates have joined the Athletic Association. How are we to have a successful team in any line of athletics if the fellows do not support it not only by cheering but financially. The new system of charging ten dollars per year for an entire Athletic Association ticket was installed to do away with the unsatisfactory and unfair system of voluntary subscriptions. If every fellow who can afford it will join the Association, there will be no need of further requests. In order to bring the price of the ticket within the range of a larger number of men, it has been decided to sell one for each half year, at five dollars per ticket. Now is the time to show your college spirit, by joining the Athletic Association.

NOTES.

Prof. and Mrs. Brenton are occupying temporary quarters at 92 Allen Place.

Prof. Merrill has sold his farm at Portland, Conn., to Judson Brainerd, Trinity '82, but his family will continue to live there until the new house is completed.

A GOOD SUGGESTION.

To the Editor of The Tripod:

Dear Sir:—Last year during the time in which you permitted the undergraduates to discuss the chapel question through the columns of your paper a certain benefactor of the human race at Trinity College wrote a letter signing himself R. N. It is to one idea contained in this letter that I wish to call your attention.

Our friend R. N. hit upon the happy scheme of sending an undergraduate representative to every alumni banquet. He pointed out how easily this could be accomplished and gave his reasons why it should be done. The desired result was witnessed in very short order for not many weeks later the college was called upon to elect such a representative. You will doubtless recall these facts and also that Mr. Gostenhofer was chosen.

But Mr. Editor, why did this progressive movement stop? Surely not because the alumni do not want an undergraduate present at their banquets to tell them of Trinity from the undergraduate's point of view. The trouble must be from a different source than this. What is the matter? In my opinion, Mr. Editor, the trouble is that the undergraduates fail to realize the importance of thus presenting through an official delegate a vivid picture of Trinity's joys and troubles as they exist to-day. For example scarcely an alumnus fully understands the position we have taken in the athletic world. Can you not imagine that it might be of benefit to the college to have this and similar matters explained to the alumni in a sane manner rather than to have them left to draw their own conclusions from the hodge podge of slander and scurrility which the newspapers of the day see fit to furnish their readers.

Within the past two weeks an alumnus of this college asked me why we, the undergraduates, had not explained this very matter to the alumni. The reason is evident. We have no means of doing so at present. But, Mr. Editor, the means is easily provided. Why then do we continue to neglect our duty? Already we have missed one chance this year, let us see to it that we do not miss another. I trust, therefore, Mr. Editor, that you will use your valued paper to further this good idea first propounded by R. N. last year.

I thank you, Sir, for your attention and trust that your present prosperity may continue.

Very truly Yours,

ANAGKE.

CONFERENCE OF COLLEGES TO-DAY.

Subjects Proposed for Discussion.

President Luther and Dr. Kleene are to-day representing Trinity at the Conference of the New England Association of Colleges in Williams-town, Mass.

The subjects which have been proposed for discussion at this meeting are:

1. (a) Ought one or more of the Jesuit Colleges in New England be invited to join the Association.

(b) The representation of the Alumni in the governing boards of the New England Colleges; does it work?

(c) Fraternity houses: are they increasing in numbers? Do they become more and more luxurious and expensive? Are they on the whole advantageous to the college? (Suggested by Harvard.)

2. (a) The range of responsibility of college professors for the conduct of students.

(b) The means of avoiding the difficulties due to increased cost of instruction in our colleges during the last twenty-five years. (Suggested by Yale.)

3. (a) Should the college chapel be exclusively religious in character, or should it be open to the consideration of any theme of academic or public interest.

(b) What is the result of the erection of fraternity chapter houses and how should such houses be controlled? (Suggested by Brown.)

4. (a) Is there a decline in the study of Greek in the secondary schools as to call for protective action on the part of the colleges. (Suggested by Dartmouth.)

5. (a) Permissible and non-permissible outside playing by members of college teams. (Suggested by University of Vermont.)

6. (a) Is it advisable and desirable to co-ordinate subjects of study into examination groups?

(b) And to hold examinations (at the end of two or four years) on these groups in place of or in addition to the usual examinations upon the completion of the single course. (Suggested by Trinity.)

7. (a) Should the relation of absence to class standing be subject of any general regulation?

(b) Does the experience of most New England colleges with their requirement for A. B. of from 120 to 230 "term hours," and the constant distribution of the student's time over a variety of subjects, suggest the advisability of concentrating the work for the degree upon a smaller number of subjects and a reduced number of program hours? (Suggested by Tufts.)

8. (a) The question of college entrance requirements.

(b) How far the colleges of New England should attempt to influence the work of high and grammar schools. (Suggested by Clark.)

9. (a) The educational value of the small division.

(b) The places of the academy in secondary education. (Suggested by Williams.)

Madden, '08, is reported as in a very favorable condition, and may be expected out soon.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.
